Optional impression roller for textured finishes

VividCoater Micro™

VividCoater Micro™

The VividCoater Micro™ is a low maintenance ultra violet cured coating system that produces a high quality finish to the printed sheet.

The VividCoater Micro's™ foot print is less than 3'x3' (90 cm square) and throughput is up to 1800 sheets per hour. This machine runs on 220V/60 hz (20 amp circuit) and can be moved easily through any standard door opening.

By producing richer and more vibrant colours on digitally or offset printed pieces the VividCoater Micro™ offers the on-demand print market the opportunity to have more effective and expressive printed products at a very low cost per page.

The Micro™ is easy to operate and allows for variable coating thickness control and variable speed control. With two different UV solutions ready to run at all times the operator can switch between gloss and matte finishes in minutes.

1 YEAR LIMITED WARRANTY

VividCoater Micro™

Standard Features

- Coats stocks from 157 gsm (60# cover/7.4 pt) to 385 gsm (146 # cover/18 pt)
- Variable speed control (up to 1800 sheets per hour)
- Two separate UV pumping stations allow two different 9 lb. (4.1 kilo) buckets of solution to be available at all times
- Polished chrome metering and bottom rollers
- Air cooled direct focused UV lamp
- Forward/reverse controls for easy clean up
- E stop

Specifications

- *Maximum coating width:* 20.75" (530mm) or 25.5" (650mm)
- *Maximum coating length:* unlimited (standard tray holds up to 18" (457 mm) but can be extended to hold up to 36" (914 mm))
- *Coating Capacity:* 2 * 9lb (4.1 kilo) buckets (10,000 + sheets)
- *Coating Thickness:* 5 to 25.4 microns
- *Coating Technology:* 100% UV curable/reverse roll/flood
- *Coating Roller:* Proprietary EDPM
- *Coating Finish:* smooth

Dimensions:

- *Coater Size (LxWxH):* 31.75x33x43.75" (806x838x1110mm)
- *Crated Size (LxWxH):* 33x35x47" (838x889x1195mm)
- *Coater Weight:* 221 lbs. (100kg)
- *Crated Weight:* 265 lbs. (120kg)

Electrical:

- *Amperage:* 20 A breaker required
- *Voltage:* 220V/60 hz.

Warranty:

- 1 Year parts

Other:

- CE certified
- External ventilation or air purification highly recommended
- Optional impression rollers for textured finishes are available.
